PROFESSIONAL SUMMARY

2nd-year BCA (CBCS) student building production-grade full-stack and AI-integrated applications independently. Hands-on experience with the MERN stack, real-time systems, and Claude API integration; currently following a self-directed DSA and systems-design track toward SDE internship and entry-level roles.

TECHNICAL SKILLS

Languages: C++, JavaScript, Python

Web & Backend: React, Node.js, Express.js, MongoDB, REST APIs, JWT Authentication, Socket.io, Redux Toolkit, Tailwind CSS

Tools & Platforms: Claude API integration, Git/GitHub, VS Code, Termux (Android dev), Vercel

PROJECTS

Student Hub

Individual Project

Stack: React, Node.js, Express, MongoDB, JWT, Socket.io

• Live: [Demo](#)

- Built and deployed a full-stack academic platform with JWT-based authentication, deployed as separate frontend and backend services on Vercel.
- Implemented real-time chat functionality using Socket.io and managed application state with Redux Toolkit.

AnikCode

Individual Project

Stack: React, Claude API, JavaScript

• Live: [Demo](#)

- Built a browser-based code translation tool powered by the Claude API that converts code between programming languages in real time.

J.A.R.V.I.S

Individual Project

Stack: Node.js, Express, MongoDB, Claude API

• Live: [Demo](#)

- Developed a personal AI life-management system with 7 frontend modules including chat, DSA tracker, daily logs, and health monitor.
- Designed to run on Android via Termux, enabling a full development and usage workflow on mobile hardware.

EXPERIENCE

HR Intern — Paytm (Remote)

January 2024 – March 2024

- Supported end-to-end recruitment process including sourcing, screening, and scheduling interviews.
- Maintained applicant tracking spreadsheets and updated candidate databases regularly.
- Communicated with shortlisted candidates and supported HR documentation and onboarding tasks.
- Gained hands-on exposure to fast-paced HR operations.

Business Consultant — WMB Solution Pvt. Ltd.

March 2023 – October 2023

- Managed sales operations across 50+ financial products including loans, credit cards, and savings accounts.
- Provided tailored product consultation to clients based on their needs and financial profiles.
- Met daily sales targets through effective client engagement and product pitching.
- Participated in structured sales training programs to improve performance and communication.
